ERP Implementations using the proven SCALE Methodology

Our Global Customers

Customer Speak

"Thank you for the continued good work on the ERP and Supply Chain project. I appreciate how you leverage the teaming with cross cultural teams with low cost geography for developmental resources while not compromising on the quality of deliverables to business..."

Massimiliano A. Milani

Director Europe & Africa at Federal Mogul, Antwerp, Belgium

"RheinBrücke's industry specific solution on Epicor enabled us to automate our complete business processes at a reduced CapEx without having to do any customizations. Our cloud journey was extremely smooth. It was literally as simple as - we went to sleep one day and the next day we were on the cloud. We are extremely happy and we 100% recommend RheinBrücke to anyone else."

Mohammed Sartawi

CFO, Bond Interiors, UAE

"We leveraged their services for past 12 months and from this experience, I can definitely say that they did a fantastic turnaround of the project. I enjoyed the open, transparent and efficient dealing with them and came to appreciate their work..."

The RheinBrücke Advantage

RAPID Implementation using SCALE Methodology

RheinBrücke's standardized SCALE methodology driven by industry best practices ensures a successful ERP implementation in a short time span by minimizing risk and maximizing predictability with clearly defined deliverables and processes. It is a scalable approach for implementation that is designed to address your needs based on the foundation elements – Solutioning, Consulting Expertise, Agile Practices, Learning and Enablement.

RheinBrücke Academy

We offer a comprehensive web-based Learning Management platform, RheinBrücke Academy to ensure effective training of end users as well as key users and administrators. Our Academy offers interactive & engaging simulation-based educational resources ensuring 100% module coverage for all your users and allowing them to use the solution to its fullest potential. Courses are organized based on categories, roles and expertise. This allows you to manage change effectively and you can also ensure that your teams are certified on RheinBrücke Academy.
