RheinBrücke 4-Pillar framework leveraging SCALE Methodology

Using our 4-Pillar approach and our expertise in Epicor implementation services, we mould Epicor ERP to fit your business needs. We build referenceable and happy customers by delivering high performance and best in class Epicor services.

SCALE Methodology - Execution Approach and Stages

As per to our redefined methodology an Epicor business transformation life cycle can be divided into 5 stages and 10 activity deliverables as represented below. All these activities fall under our guiding principle, the 4-Pillar architecture

Customer Speak

"Thank you for the continued good work on the ERP and Supply Chain project. I appreciate how you leverage the teaming with cross cultural teams with low cost geography for developmental resources while not compromising on the quality of deliverables to business..."

Massimiliano A. Milani

Director Europe & Africa at Federal Mogul, Antwerp, Belgium

"RheinBrücke's industry specific solution on Epicor enabled us to automate our complete business processes at a reduced CapEx without having to do any customizations. Our cloud journey was extremely smooth. It was literally as simple as - we went to sleep one day and the next day we were on the cloud. We are extremely happy and we 100% recommend RheinBrücke to anyone else."

Mohammed Sartawi

CFO, Bond Interiors, UAE

"We leveraged their services for past 12 months and from this experience, I can definitely say that they did a fantastic turnaround of the project. I enjoyed the open, transparent and efficient dealing with them and came to appreciate their work..."
